## HOW THEY WORK

Inside each stand is an aluminium frame. Take it out of its carry case and clip together in a few minutes. Then stretch a fabric 'duvet' graphic over the frame and zip up.

Double-Sided!

## PYTHON SAVE £40

Pop-up display stand

£199 £239 Product code FDSLDFC

Still our number one selling display. And so much more imposing than a roller banner.

Inside is a smart aluminium frame. We've run contests to see how quickly these can be put up. And it's under 3 minutes. Beat that and tweet us a picture and your time to get a treat.

The fabric cover is double-sided as standard. That means you can switch the message, depending on which event you're at. One for networking, one for your reception.
